Welcome to the Bennett — a thoughtfully designed home combining luxury, comfort, and functionality. Built by a trusted builder with over 70 years of experience, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. Energy efficient and smart home features, plus moving concierge services included in each home. This beautifully upgraded home features an executive kitchen with built-in stainless-steel appliances, a gas cooktop, quartz waterfall island, Silgranit sink, and under-cabinet lighting. Thoughtful details include a flex room, electric fireplace and custom lockers in the mudroom. The sunshine basement offers a bright and inviting space, complete with an oversized window that fills the room with natural light. The undeveloped basement of this home features 9' ceilings, a convenient side entrance, 2nd furnace, laundry and kitchen rough-ins — perfect for future development. Upstairs offers a vaulted bonus room, a luxurious ensuite with tiled shower walls and drawer banks, plus tile in the main bath and laundry. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing, plus an electric car charger rough-in, it's designed for sustainable, future-forward living. Featuring a full range of smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches — all seamlessly controlled via an Amazon Alexa touchscreen hub.
