With over 2,000 square feet of finished space, come experience this 4-bedroom, 2.5-bathroom home loaded with upgrades and the best garage in the 'hood! It's everything you could want in a bungalow and more. Superb curb appeal with an extra-wide corner lot (but no sidewalk to shovel!) and welcoming front porch. Spacious and private foyer. Extraordinary open concept main floor with gorgeous hardwood flooring and vaulted ceiling. Sensational gourmet kitchen with premium granite countertops, corner pantry and chef-quality stainless steel appliances, including gas/electric combo stove and high-end fridge. Look up at that fantastic skylight letting the sun shine in!! While you cook, enjoy your family and friends eating in the adjacent dining room and relaxing in the incredible living room, featuring a whole wall of south-facing windows for maximum sunlight! The primary bedroom is tucked away at the front of the house with a full wall of closets and a private ensuite with the same lux granite and tile floors. A second bedroom or home office plus a lovely powder room complete the main floor. Head downstairs and check out the massive family room, large enough for several zones, as well as a cozy corner gas fireplace. Two more huge bedrooms await – one with a walk-in closet – plus another swanky full bathroom with granite, great laundry room, and plenty of storage in two utility rooms. This home is absolutely beautiful – but if you're a garage guy, the best is yet to come! It does not get better than this: oversized, extra high, insulated, heated garage with slat system on the walls, oversized garage door for large vehicles AND a second garage door that opens to the private back yard patio so you can socialize and do garage stuff all at the same time. What else

could you possibly want?! Maybe central air conditioning, a fenced yard and an irrigation system? Check!! This home truly has it all: a picture-perfect home upgraded to the max and your dream garage. Welcome home!
