A fantastic walk-in pantry and functional mudroom with a deep freezer off the heated garage keeps everything organized and out of sight. Two additional well-sized bedrooms share

a conveniently located main bath, and the laundry room – also with a window – is upstairs where you need it most. The unfinished basement is a blank canvas with plenty of space for two large bedrooms. Outside, the deck overlooks a large backyard – ideal for entertaining, gardening, or watching the kids play. The oversized heated garage boasts excellent storage, a new extra-tall garage door for trucks or vans, and there is LED exterior lighting for curb appeal and security.
