This home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. Energy efficient and smart home features. A beautifully upgraded home backing onto tranquil greenspace. This stunning property features an executive kitchen with built-in stainless steel appliances, gas cooktop, fridge with water and ice, a waterfall island with waste-bin pullout and a pantry with MDF shelving. Enjoy 10' ceilings in main living areas, LVP flooring, a main floor flex room, and an electric fireplace with mantle. The primary bedroom offers wall detail, MDF shelving in the WIC, and a 5-piece ensuite with tiled walk-in shower, tile flooring, barn door, and a bank of drawers. With additional windows, black hardware, a developed stairwell, 9' basement ceilings, and a rear deck with BBQ gasline rough-in, this home blends luxury and comfort. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing that may be eligible for up to 25% mortgage insurance savings, plus an electric car charger rough-in, it's designed for sustainable, future-forward living. Featuring smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
