***Part of a triple open house this Saturday! 1:00-4:30 PM** Lovely family home on one of the nicest lots in Redwood Meadows! This half acre lot is located in a quiet cul-de-sac, and backs directly onto the Berm Trail and Elbow River beyond. Enjoy hiking trails, mountain biking, x-country skiing and fishing directly from your backyard. Entering the home you find a large open living/dining area with soaring ceilings and skylights that brighten this area and the kitchen beyond. A cute breakfast nook over looks the forest, and leads to a nicely appointed family room with hardwood floors and gas fireplace. The main floor also has a flex room that could be a bedroom or office, a laundry, and a 2-piece bath. Upstairs features the primary retreat, a large room with 4-piece en-suite bath, walk-in closet, and a wonderful private balcony overlooking the forest and river beyond. There are two more bedrooms and another bath on this level. The basement has a workshop/craft room plus providing potential for further development. The front steps, balcony deck, and back deck are built with solid California redwood! The back deck, recently re-stained, is not only private but has a great barbecue area and built in bench and table. Great for entertaining! The house is completed by a large double attached garage. You cannot beat this location- check out the attached 3-D tour, and then come see it in person!
