Built by a trusted builder with over 75 years of experience, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized. Energy efficient and smart home features, plus moving concierge services included. The executive kitchen is a standout with built-in stainless steel appliances, chimney hood fan, gas cooktop, waterfall edge granite island, pendant lighting, under-cabinet lighting, and a large walk-in pantry with MDF shelving and elegant French door. The main living area offers soaring open-to-above ceilings, a fireplace with tile detail below the mantle. Upstairs, enjoy a vaulted bonus room and a ensuite featuring a fiberglass base shower with tiled walls, niche, tile flooring, and a bank of drawers. The 2 BEDROOM LEGAL SUITE with side entrance and additional windows.. Located on a west-facing backyard lot, this home blends style and function. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing, plus an electric car charger rough-in, it's designed for sustainable, future-forward living. Featuring a full range of smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
