This pre-construction semi-detached home in the evolving community of Bowness offers over 2,900 square feet of luxurious living space, perfectly balancing urban convenience with outdoor adventure. The main house features a bright, open-concept design with modern flat nine-foot ceilings, custom built-ins, under-mount lighting, and elegant wide-plank hardwood and tile flooring. At the heart of the home is a chef’s kitchen equipped with a large island, while the upper level hosts three spacious bedrooms, including a primary retreat with vaulted ceilings, a massive walk-in closet, and a spa-like five-piece ensuite complete with a separate tub and a luxurious five-faucet shower. Adding incredible versatility for extended family or rental income, the lower level consists of a self-contained, two-bedroom legal suite with its own private entrance, four-piece bathroom, separate laundry, and the same high-end upgrades as the upper floors—including quartz countertops and nine-foot ceilings. Outdoors, residents can enjoy fully landscaped and fenced backyard, with premier recreation destinations like Bowness Park, Win Sport, Bowmont off-leash park, and the Bow River pathways just moments away. With effortless connections to downtown Calgary, major roadways, and the Rocky Mountains, this exceptional five-bedroom, 3.5-bathroom property also offers the unique opportunity to acquire the neighboring unit (8017).
