The main floor opens with a spacious foyer leading into a formal living and dining room ideal for entertaining. The updated kitchen features Quartz counters, stainless steel appliances, and a bright breakfast nook that flows directly onto the WEST-facing backyard. The adjoining great room is anchored by a wood-burning fireplace with custom built-ins and oversized windows that fill the space with natural light. A laundry room and half bath complete this level. Upstairs features the renovated main bathroom (2026) plus four bedrooms, including one that has been converted into a playroom/bonus room but can easily be returned to a bedroom if desired. The king-sized primary suite offers a generous walk-in closet and a beautifully renovated ensuite (2014). The fully finished basement adds exceptional versatility with a fifth bedroom, a renovated three-piece bathroom (2026), a large recreation area, and a utility room with extensive storage. The WEST-facing backyard is a standout feature—an expansive, private outdoor retreat with an oversized deck with gas line, mature manicured landscaping, and a storage shed/playhouse. It’s an exceptional space for family living and entertaining. Significant upgrades include main and upper windows and exterior doors (2012–2015), full Poly-B replacement (2025), two furnaces (2016, serviced 2025), air conditioning, on-demand hot water (2019,

serviced 2025), water softener (2025), garage door (2018), and Telus Smart Security (2025).
