The unit itself is bright and open with a kitchen and breakfast bar, a large dining and living area, featuring an expansive wall of windows and an inviting, corner tile-faced fireplace. From both this area and the primary bedroom, you have access to the Den/Office/Sunroom. This extra living space is unique and inviting. With an abundance of windows, it is saturated with loads of natural light. The flooring consists of a neutral, sandy-coloured chestnut laminate for the entire living area, tiles in the front entrance, kitchen, and den, and carpet in the large bedroom. The unit also features in-suite laundry, one assigned underground parking stall and extra storage, all completely enclosed to ensure privacy for your contents. The Axxis is a well cared for building that includes security, a generous amenity/ party room, a gym, a spacious outside living area, and a designated space for any deliveries you have coming. Rare and seldom available at such a desirable price point, this is an exceptional opportunity for anyone who'd love to become a homeowner and step away from contributing to someone else's investment portfolio.
