Designed with an open-concept layout, the family room centers around a functional three-sided gas fireplace that connects to the kitchen. The kitchen itself is equipped with an expansive island, durable granite countertops, and all brand-new stainless-steel appliance. A bright adjacent breakfast nook features a 12-foot waffle ceiling, adding a sense of volume to the casual dining area. Upstairs, the layout includes four well-sized bedrooms and a dedicated laundry room with built-in storage. The fully finished basement adds practical square footage with 9-foot ceilings, unique curved wall details, and rough-in plumbing for in-floor heating. It includes a large entertainment or media room equipped with an HD projector and screen, a wet bar with a wine cooler, a fifth bedroom, and a full bathroom. Outside, the exterior is finished with a mix of stucco and real stone cladding, paired with a low-maintenance 20-foot composite deck with a BBQ gas line. An oversized 8-foot garage door easily accommodates taller vehicles.
