Hello, Gorgeous! Welcome to 171 Cooperstown Lane SW, a beautifully finished, McKee-built two-storey home offering nearly 2,400 sq ft above grade plus a fully finished basement, in the heart of Coopers Crossing, one of Airdrie's most established and sought-after communities. Double entry doors open to a welcoming foyer and a bright main floor with 9-ft ceilings, 8-ft doors, and elegant crown moulding in the living room, where a cozy gas fireplace anchors the space. The kitchen is made for everyday living and entertaining, with granite countertops, stainless steel appliances, a large centre island, and a walk-through pantry. A separate dining area and a sunny breakfast nook offer flexible spaces to gather, while patio doors open to a deck with a gas line for the BBQ and a low-maintenance backyard with paved lane access. A spacious mudroom and a 2-pc powder room complete the main level. Upstairs, a large bonus room is the perfect spot to relax, while the primary retreat offers a walk-in closet and a spa-inspired 5-pc ensuite with dual vanities, a separate shower, and a free-standing soaker tub. Two additional bedrooms, a 4-pc bathroom, and a convenient upper-floor laundry room complete the level. The fully finished basement adds even more room to live, featuring a generous rec room, a large fourth bedroom, a 3-pc bathroom, and plenty of storage. Add central air conditioning and an insulated, drywalled double attached garage, and you have a move-in-ready home just steps from Coopers Crossing School, parks, and the scenic pathways the community is loved for, with quick QEII Highway access to Calgary.
