This bright and well cared for home offers Two Large Bedrooms and two bathrooms. It features 9 foot ceilings and a spacious open layout with windows on two sides that bring in natural light throughout the day and allow for a comfortable cross breeze. The kitchen stands out with full height real wood cabinets with a durable finish, granite countertops, stainless steel appliances, and plenty of prep and storage space. The living room offers a cozy corner fireplace and access to a private elevated balcony complete with a gas line for barbecue. The primary bedroom includes large windows, a walk in closet, and a 3 piece ensuite with a 5 foot shower with a built in bench. The second bedroom and additional full bathroom create flexibility for guests, family, or a home office. In floor heating provides consistent comfort throughout. The in suite laundry room adds everyday convenience. This unit also includes a separate storage locker located on the same floor. Smith's Crossing is a smaller, quiet complex with fewer units, offering a calm and low traffic environment compared to larger multi building developments. It is within walking distance to grocery stores, cafes, restaurants, pubs, banks, medical services, parks, and the Nose Creek pathway system. A great opportunity for buyers that appreciate the smaller complex, top floor living with two underground titled parking stalls, and everyday convenience in a central location.
