Further in, the dining room presents a picture perfect backyard with no back neighbours. Adjacent is the kitchen, with minor updates throughout the years include a Jennair stainless-steel fridge, kitchen island with a cooktop, and pantry area. The living room features a corner wood burning fireplace and oak built-in shelving, for more intimate setting. A laundry area and half bathroom complete this level next to the entry into the double attached garage. Upstairs you'll find 3 total bedrooms, and an office with a balcony into the great room but also out facing the back yard. The primary room showcases vaulted ceilings, a walk-in closet, and an ensuite with a steam shower. A total of 3 bathrooms are up here. The basement includes a games / family room with a gas fireplace, dart board area, and a nook perfect for those poker nights. Two other bedrooms and a bathroom complete this level. Two furnaces here, both new from 2020 in the utility room. Concrete shingles provide piece of mind and longevity to the roof. The layout and built quality of the home reflects the sensibilities of a well-built era: real space, real rooms, and structure that has stood the test of time, waiting for someone with a vision. The back deck railings and window frames are metal clad for a longer life & durable and no need to paint. An expansive and private backyard with mature trees perfect for pets, kids and entertaining! No neighbours behind! Edgemont Estates is where the community began, showcasing mature trees,
