Upscale-meets-relaxed in a perfect blend of executive features and comfortable finishes. With almost 2700 sq.ft of well-designed living space - pride of ownership, attention to detail, and thoughtful investment are evident. The two-story entry invites while showcasing the sitting area & adjacent dining room. The powder room and main floor office are conveniently tucked away from household bustle, while the large living room and spacious kitchen create an area ideal for entertaining or family time thanks to the dining nook nestled between them. The kitchen's quartz counters contrast beautifully to the wood cabinets and stainless appliances. Motion-sensing pantry lighting, USB wall outlets, and programmable double oven add to the kitchen's function and appeal. The wood-burning living room fireplace is well maintained, with a natural gas lighting feature for warm fires on cold winter days. Upstairs, the expansive master suite has a walk-in closet plus spacious ensuite - complete with heated floors, large glass shower, and generous double-sink vanity. The two additional bedrooms easily accommodate king-sized beds with a shared bathroom separating them for privacy. The basement is fully developed with a TV/rec room, a flex room, and a large activity room featuring a built-in murphy bed for guests. Another full bathroom with heated tile floors adds function & comfort. The laundry / mechanical rooms round out the basement, with yet more storage plus the efficiency of a newer furnace & hot water tank. The flex room and activity room can easily become code-compliant bedrooms by enlarging the above-grade exterior windows without need for window wells. Outside, the huge west-facing rear deck easily accommodates grilling, dining, and gathering while creating expansive under-deck storage. A large rustic-wood side shed makes for easy access to mowers, yard

tools and seasonal items. Trees and shrubs line the fully-fenced yard creating an oasis for you to enjoy day after day. But there's more! Custom cabinetry abounds - allowing daily items to be out of sight yet within easy reach. The home's exterior features 50-year metal shingle roofing, custom vinyl exterior/wood interior windows & patio doors, integral window blinds, and a fibreglass front door with multipoint locking system. The garage is fully insulated & finished, with keypad entry, high ceilings and convenient tire storage.
