THIS HOUSE HAS A SPICE KITCHEN—AND THAT IS NOT EVEN THE BEST PART. The real win is what it unlocks: more cooking space, cleaner entertaining, fewer bottlenecks, and a main kitchen that can stay connected to the action while the serious work happens just off the pantry. Fully equipped with its own electric range, under-cabinet hood fan, sink, quartz counters and additional cabinetry, the SPICE KITCHEN is the kind of feature buyers circle back to after the showing because the value is immediate. Big family dinners. Batch cooking. Holiday prep. Stronger aromas kept contained. Two people cooking at once without staging a territorial dispute over the stove. Then come the unsung heroes. A MAIN-FLOOR BEDROOM AND FULL BATHROOM create real flexibility for guests, extended family, older children or anyone who would rather skip the stairs. Upstairs, the laundry room sits exactly where it should and connects to a WALK-IN LINEN CLOSET, with a sink rough-in already waiting. The secondary bedrooms each have walk-in closets, and the main bathroom adds a dual-sink vanity, which means fewer morning negotiations and far more room to stay organized. The UPPER BONUS ROOM brings another layer of personality with its VAULTED CEILING, while the main floor keeps the conversation moving between the kitchen, dining area, great room and deck. Behind the scenes, 9' basement foundation walls, enlarged egress windows, a SEPARATE SIDE ENTRANCE, SECOND LAUNDRY HOOKUP, and BAR/KITCHEN SINK ROUGH-IN have already done much of the thinking for future plans. Lanark Landing brings the lifestyle piece home with PONDS, PATHWAYS, PLAYGROUNDS, COMMUNITY GARDENS AND A PUMP TRACK, plus quick access to Kingsview Market and Highway 2. Book the showing.
