Both bedrooms boast their own private ensuite bathroom — ideal for guests, roommates — plus a powder room for visitors. Inside, refinished hardwood floors and fresh paint run throughout, framed by a cozy gas fireplace in the open-concept living room and a private balcony. The kitchen has been tastefully updated with new quartz countertops and backsplash, refinished cabinetry and island, LED lighting, and some new appliances. The primary ensuite was fully renovated with a walk-in shower and infloor heated tile floors. The versatile den provides flexible space for a home office, studio, or guest overflow, with plenty of closet space throughout the home. Additional upgrades include new patio door screens, fully upgraded kitchen, and new lighting throughout the apartment — over \$57,000 in recent improvements in total. Steps from your door, Spring Creek's tree-lined pathways wind along the creek to quiet riverside benches, while the building's owners' lounge offers a stone fireplace, library, wet bar, and pool table for residents to enjoy. All this just minutes from downtown Canmore's shops, restaurants, and trailheads.
