Set at the end of a quiet CUL-DE-SAC in Evergreen, this two-storey WALKOUT offers the kind of space families spend years searching for — SIX BEDROOMS, three and a half baths, and roughly 3,400 sq ft of finished living across three well-planned levels. Step onto hardwood that carries you through a light-filled main floor. A working fireplace anchors evenings in the living room, the dining area comfortably seats a crowd, and a walkthrough pantry leads into a kitchen finished with GRANITE COUNTERS and updated stainless steel appliances — cabinetry that's held up beautifully over the years. A den with oversized windows makes an effortless home office, rounded out by a main-floor half bath. Upstairs, the primary suite delivers on quiet-morning routines: a huge walk-in closet and an ensuite built for unwinding, with a soaking tub and separate stand-up shower. Three more bedrooms, a full bath, and a large bonus room give a growing household breathing room. Downstairs, the FULLY FINISHED WALKOUT BASEMENT opens straight to the backyard — a spacious family and entertainment room, two more bedrooms, and a full bath, ideal for teens, guests, or extended family who want their own space. Recent updates take the guesswork out of ownership: NEW ROOF (2024), TANKLESS WATER HEATER (2021), FURNACE (2020), water softener (2020), upgraded toilets, and fresh paint throughout. PERMANENT OUTDOOR LED LIGHTING adds effortless curb appeal and season-ready ambiance, day or night. A fully insulated DOUBLE ATTACHED GARAGE completes the package. SIX BEDROOMS. A WALKOUT BASEMENT. A CUL-DE-SAC ADDRESS. Layouts like this don't come up often in Evergreen.
