The kitchen flows into a bright and inviting living space, where a skylight brings in an abundance of natural light. Matching red oak hardwood was added to the kitchen before all of the home's hardwood was refinished together in a light matte finish, creating beautiful continuous flooring throughout the main living areas. Smooth ceilings, LED pot lights, updated fixtures, fresh paint and a custom pantry with red oak shelving complete the space. Three bedrooms are located on the main floor, including a spacious primary with refreshed ensuite. The main bathroom has been fully renovated with new tile, shower and an extra-large soaker tub. The finished basement adds exceptional flexibility with a large recreation area, refreshed wet bar, additional bedroom and plenty of space for guests, teenagers, a home office or gym. Outside, a 500+ sq. ft. cedar deck creates an incredible setting for summer dining and entertaining, complemented by a low-maintenance backyard with artificial turf. Permanent Gemstone lighting illuminates both the front

and rear of the home. Major upgrades include Lux windows throughout with no original windows remaining. Custom blinds, updated electrical and extensive exterior improvements.
