Former Jayman showhome in Panorama Hills, offering a fully developed lower level on a south-facing lot. The open-to-above foyer sets the tone, with a front flex room that works as a formal living or dining space. The great room centres on a gas fireplace and oversized windows that carry light across the main floor all day. 9 ft ceilings run through both the main level and the lower level. The kitchen anchors the layout with full-height cabinetry, a gas range, stainless appliances and a walk-in pantry. Upstairs holds three bedrooms, including a primary with a four-piece ensuite and walk-in closet, along with a bonus room and a separate office. A private side entrance leads to the developed lower level (Illegal Suite), where a large recreation room with an electric fireplace and wet bar sits beside a bedroom and a flex space, divided by a glass feature wall. A second washer and dryer are in the mechanical room, along with a full-size refrigerator and a second stove. Out back, an expansive patio faces south and holds sun well into the evening. Families are covered here. Three elementary schools, one middle/junior high and two high schools are all within the immediate area — a rare cluster in one community. Everyday amenities sit minutes away: Superstore, shopping, restaurants, a movie theatre and the VIVO Recreation Centre, with quick access to Stoney Trail, Deerfoot and Beddington Trail. Upgrades include a brand new roof (2025), hardwood flooring, accent walls, built-in speakers, concrete walkways and a double attached garage. Homes like this in Panorama Hills don't sit long.
