Step inside to warm hardwood floors and a bright, open layout. The kitchen is the heart of the home, with quartz countertops, stainless steel appliances, a gas range, and a large island that's perfect for gathering. The dining area opens right onto the back deck, so summer nights outside are easy. The living room centres around a cozy corner, two sided gas fireplace with custom built-in bookshelves. Step outside to your own front deck off the living room, facing west, ideal for watching the sunset over the mountains. Upstairs you'll find three bedrooms, including a primary retreat with big windows framing the mountains and a spa-like 5 piece ensuite complete with a soaker tub and separate shower. Downstairs, you'll find a private guest bedroom just off the garage entry, ideal for visitors or a teenager who wants their own space, along with a spacious storage and utility area, perfect for keeping the rest of the home clutter free. Out back, the extended deck and mature trees give you a private backyard that feels like your own escape, right in the city.
