WOW!! Is all you can say!!!! Welcome to a one-owner, custom-built bungalow with a total of four bedrooms, two and a half bathrooms, and 2,680 sq ft of luxurious living space in this amazing semi-detached Bungalow located on a very quiet inner-city street in Montgomery!!!! The owner built it for themselves and to withstand the test of time! The many features of this wonderful house include one-foot-thick ICF concrete exterior walls, an open floor plan with 10 ft vaulted ceilings and a skylight, gorgeous real hardwood flooring throughout the main floor, a semi-circular oak staircase highlighted off the kitchen area, and a large master bedroom. The master ensuite is spa-like, featuring a jet tub with undermount lighting and a spacious walk-in closet. The fully developed lower level includes a built-in entertainment center featuring built-in speakers throughout the entire house, a cozy gas fireplace in the family room, two more bedrooms and a three-piece bathroom. The house is heated by a forced-air furnace plus a separate boiler for in-floor heat in the lower concrete floor. The low maintenance yard has a very private rear patio area! The large and heated double-insulated 21x20 garage is a mechanic's dream, featuring ample counter space and many built-in cabinets. This house is priced well below today's replacement costs, considering the skyrocketing building material affordability!! Hurry on this one!! Note: Some photos have have been virtually staged to showcase the property's potential.
