" Back on the market " ! This stunning 4 level split offers many custom and wonderful features ! It is located in a quiet cul de sac in walking distance to shopping and two schools, Olympic Park ( secondary public school ) and John Costello ( an elementary catholic ). The home is much larger than it seems with over 2300 sq ft of living space with high and vaulted ceilings. The lower level has a walk out from the primary Bedroom onto a concrete poured deck that is covered by the upper balcony. Ceiling heights throughout are magnificent with a minimum of 9' and 10' often with vaulting adding to the open flow. All levels boast pristine hardwood floors, granite counters and recessed lighting. The balcony has a great view of downtown and allows you to enjoy the subtle perennial garden of your own home. This exceptional home has been well cared for and now offers a new family a wonderful place to live.
